Abrasive Flap Discs

Flap discs use diagonal layers of sandpaper on a resin fiber backing. Flaps are glued onto a multi-layer fiberglass or plastic backing plate.

New grit is continuously being exposed as the flaps wear down providing consistent performance throughout the life of the disc.

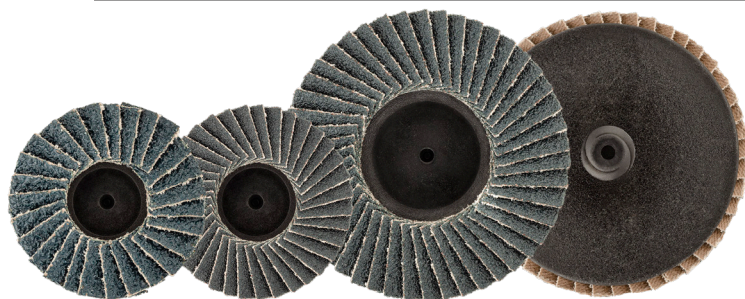

The design of flap discs allows them to run cooler reducing warping of thin metals such as body panels.

Type 29 (Beveled) Flap Discs

- Grind and finish at the same time
- Conical flap discs (Type 29) are angled and designed to be used on contoured and edge work
- The angle provides greater surface contact for stock removal on flat surfaces
- Discs cut cleaner, faster and cooler reducing clogging and glazing
- Longer lasting than conventional fiber-backed abrasive discs
- For use on flat or curved surfaces
- Quieter than grinding discs
- For use on portable right-angle grinders
- Suitable for use on a wide variety of materials as well as all types of steel, including stainless steel

Auveco No.	Size	Grit	Arbor	Maximum RPM	Grain	Unit Package
22647	4.5"	40	7/8"	13,300	Zirconia	1
22648	4.5"	60	7/8"	13,300	Zirconia	1
22649	4.5"	80	7/8"	13,300	Zirconia	1

Mini Flap Discs-Type 27

- Perfect for small grinding needs and tight spots
- Works on all high-speed grinders
- Flat Face (Type 27) for maximum aggressiveness
- Uses 100% of the grain surface
- Grind, deburr and blend on all surfaces
- Non-loading and never curl
- Twist-to-lock backing, use with holders 22389 and 22390

Auveco No.	Size	Grit	Maximum RPM	Grain	Unit Package
22641	2"	40	30,000	Zirconia	3
22642	2"	60	30,000	Zirconia	3
22643	2"	80	30,000	Zirconia	3
22644	3"	40	20,000	Zirconia	2
22645	3"	60	20,000	Zirconia	2
22646	3"	80	20,000	Zirconia	2

Mini Sanding/File Belts

- Designed to be used on any Mini Belt Sander that is either 3/8" x 13" or 1/2" x 18" in size
- Durable poly/cotton backing
- Long life Zirconia grain, outlasts & performs better on aluminum than aluminum oxide
- Applications include seam sealer removal, sanding of self-piercing rivets, prepping surfaces and metal working

Auveco No.	Size	Grit	Grain	Unit Package
22650	3/8" x 13"	40	Zirconia	10
22651	3/8" x 13"	60	Zirconia	10
22652	3/8" x 13"	80	Zirconia	10
22653	3/8" x 13"	120	Zirconia	10
22654	1/2" x 18"	40	Zirconia	10
22655	1/2" x 18"	60	Zirconia	10
22656	1/2" x 18"	80	Zirconia	10
22657	1/2" x 18"	120	Zirconia	10

Strip-Brite Discs

- For paint and coating removal
- Fast and easy to change twist-to-lock mounting
- Open-web construction impregnated with silicon carbide to provide aggressive and long-lasting performance
- Extremely durable, three-dimensional web has a soft edge, allowing it to remove paint and other coatings in those difficult & unreachable creases & dents while removing very little metal.
- Great for stripping paint without damaging the metal, especially on aluminum.

Auveco No.	Size	Color	Unit Package
22658	2"	Purple	1
22391	3"	Purple	1
